

## BIOTECHUSA - IFBB DIAMOND CUP

# INSPECTION REPORT

## BUDAPEST, HUNGARY

June 3<sup>rd</sup> – 5<sup>th</sup>, 2022

### WELCOME

The Organizing Committee of the Hungarian Bodybuilding & Fitness Federation extends a warm welcome to all IFBB National Federations to participate in the IFBB Diamond Cup in Budapest, Hungary, June 3-5, 2022.

## ABOUT BUDAPEST

The phrase „Central European” is not nearly a geographical definition; it refers to the fact that the Hungarian capital, Budapest, is more than just a capital of a small country with 10.5 million inhabitants. It is also the product of a larger area, of a particular European region: Central Europe. Located in central Europe’s Carpatian basin, Hungary has been the link in the chain connecting east and west for thousands of years. The ancestors of Hungarians, or Magyars, lived in the Ural Mountains. They had close linguistic ties with other Finno-Ugrian peoples and shared certain anthropological and cultural traits with the Turks.

Budapest’s most important attraction is the world-famous Buda-Castle on the west side of the Danube (granted UNESCO World Heritage Status in 1987). Budapest is the „City of Festivals”; several major cultural events are held in and around the city every year. There are over 90 major museums in the region; local history collections, regional architecture and small village museums provide additional perspectives on civilization in the area. The museums with internationally-renowned collections include: the Museum of Applied Arts, the Museum of Fine Arts, the National Museum, the National Gallery, and the Ludwig Museum in Budapest. It is definitely worth mentioning the Synagogue on Budapest’s Dohány Street because it is the largest synagogue in Europe and the second largest in the world. The Jewish Museum around the corner has an unique collection of traditional Jewish artifacts.

## THE VENUE

### PAPP LÁSZLÓ BUDAPEST SPORTARÉNA

Address: Budapest, Stefánia út 2, 1143 .

The Budapest Arena is the most modern venue in Central Europe. It is a convenient location for International Concerts and events - with a capacity of 12.500 pax - more than half million visitors enjoy our concerts, exhibitions, family and sport programmes yearly.

So then the construction of the Budapest Sportarena started on 30th June 2001. The building contains 50,000 tons of concrete, 2,300 tons of steel structure, more than 11,000,000 bolts and several kilometres of cable. The building complex is as heavy as the Erzsébet Bridge and Szabadság Bridge together. If you could pick it up and put it on some scales it would weight 200,000 tons. The pedestrian area of the complex is covered by Hungary's largest continuous granite surface, which is 25,000 m<sup>2</sup>.

The building was officially opened by the Ministry of Youth and Sports on 2003 March 13th.

On the same day the greatest stars of Hungarian popular music entertained the building's first audience.

The opening gala on 14th March was closed with a spectacular classical event: Beethoven Symphony No. 9, as a symbol of Hungary's accession into the European Union. <https://www.budapestarena.hu/?lang=en>
