WORLD ELITE RANKING EVENT

INSPECTION REPORT

WELCOME:

The President of the Organizing Committee and the Serbian Bodybuilding and Fitness Federation, Mr. Goran Ivanovic, invites IFBB/EBFF-affiliated National Federations from Europe to participate in the **2022 IFBB DIAMOND CUP SERBIA to be held in:**

CACAK, SERBIA, ON OCTOBER 21st – 23rd, 2022.

Serbia has connected West with East for centuries – a land in which civilizations, cultures, faiths, climates and landscapes meet and mingle.

It is located in the centre of the Balkan Peninsula, in southeastern Europe. The northern portion belongs to central Europe, but in terms of geography and climate it is also partly a Mediterranean country. Serbia is landlocked but as a Danube country it is connected to distant seas and oceans. Serbia is a crossroads of Europe and a geopolitically important territory. The international roads and railway lines, which run through the country's river valleys, form the shortest link between Western Europe and the Middle East.

From the agricultural regions of the Pannonian Plain in the north, across the fertile river valleys and orchard-covered hills of Šumadija, the landscape of Serbia continues southward, gradually giving way to mountains rich in canyons, gorges and caves, as well as well-preserved forests. Serbia's beautiful mountains, national parks, rivers and lakes are the perfect location for an active outdoor holiday – from hunting and fishing to extreme sports.

Many times during its rich, centuries-long history, Serbia has been at the centre of Europe's and the world's attention, out of all proportion to its modest size, economic might and number of inhabitants. Many lessons on bravery, patriotism and the struggle for freedom can be learned wherever you turn in Serbia, as you pass through its cities and regions.

The cultural and historical heritage of Serbia begins with prehistoric archaeological sites and its legacy from classical antiquity. Perhaps its greatest riches, though, are in the many mediaeval Serbian churches and monasteries, some of which are included on the UNESCO World Heritage list.

All year round, numerous cultural, entertainments, traditional and sporting events are held in Serbia, demonstrating the creative power and spiritual vitality of this country.

Today, Serbia is a modern, democratic European country, on the path to membership of the European Union, which a diverse range of visitors – from young backpackers to participants in congresses and fairs – visit every day.

CACAK – A HISTORICALLY RICH

Serbia can be felt in every pore, every brick and every tree of Cacak. It is a small town on the river Morava, enclosed by the mountains of Jelica, Vujan, Ovcар and Kablar. In historical and geographical sense, a lot can be seen in this town. Cacak was built on remains of a former Roman settlement. This fact was verified by many findings such as Roman hot baths, monuments to Jupiter, and numerous “*villae rusticae*”, that is agricultural estates of the Roman Empire. Nearby, on the Jelica Mountain, there is a huge archaeological site, named Gradina, which is yet to reveal its hidden secrets.

As far as “newer history” is concerned, a protected natural attraction, packed with monasteries and churches and known as the Ovcар-Kablar canyon, lies near Cacak, making it the holy ground of Serbia. A neighboring town of Dragacevo, is placed nearby as well, and it is the venue of the famous Guca festival. Each year, the festival is visited by over half a million people.

CACAK SURROUNDINGS

It may as well be concluded that a town like Cacak, surrounded by such dazzling slopes of Jelica, Vujan, Ovcara and Kablar, has a surplus of natural attractions. When speaking about the Ovcara-Kablar canyon, its monasteries are of exceptional beauty, and sights that shouldn't be missed! Of course, there is the "Grujine livade" picnic site, situated on the Jelica Mountain, and unavoidable healing waters of Ovcara, Slatina and Gornja Trepca spas. The latter being famous for its mineral water, thus often referred to as the "Atomic spa".
