CITY OF JOHANNESBURG

Proud Partner of Arnold Classic Africa

In South Africa, Johannesburg is the second largest city in Africa, in 2016 there were 4.94 million people living in the City of Johannesburg. Joburg, or Jozi as some prefer to call it, offers visitors an experience as unique and diverse as the city itself. Whether you are on business, in search of a cultural encounter, an adrenaline rush or simply want to relax and unwind for a few days, the city of Johannesburg has everything you're looking for and more! www.joburgtourism.com

Johannesburg is a young city with an incredible history and legacy.

The settlement sprang up in 1886 when prospectors found gold in the area now known as the Witwatersrand. When the discovery

became public, thousands flocked here in search of fortune and new opportunities. Today, Johannesburg still attracts those who want to realise their dreams and achieve success.

The new city was named after two officials of the Zuid-Afrikaansche Republiek (ZAR); Johannes Meyer and Johannes Rissik.

Johannesburg grew rapidly and quickly transformed from a small settlement into a full-fledged city. It seemed like nothing could stop its growth, not even the Anglo-Boer war. In those tumultuous times, and beyond, Johannesburg

has always been recognised as the golden beating heart of South Africa.

Through the years, Johannesburg has been the site of many iconic events. It was where the Springboks beat the All Blacks to take the Rugby World Cup in 1995, and, most recently, it was where South Africa showed the world that we can host an event as large as the FIFA Soccer World Cup with style and grace.

RUIMSIG STADIUM

Arnold Classic Africa organizers will be building the GG Tent City on the grounds of the Ruimsig Stadium, Johannesburg. This year we are PUTTING FESTIVE back in the FESTIVAL, with more than 30 tents and activations spread over many acres of land.

Ruimsig Stadium is a multi-purpose stadium located in Roodepoort, South Africa. It is used mostly for football matches and was used as a training field for teams participating in the 2010 FIFA World Cup after being renovated in 2009 and brought up to FIFA standards. At the 2009 FIFA Confederations Cup, Iraq used Ruimsig Stadium for their training sessions.

The stadium hosted an international friendly between Australia and Denmark,[4] and one between the USA and Australia on 5 June 2010. Ruimsig Stadium was constructed in 1994 at a cost of R24 million as an international Athletics

venue to the latest IAAF standards at the time. The venue forms part of a multi-sport events complex which was designed so that sporting codes that require access to open land and open water can also be staged at this venue, and the events that have taken place include Road Running, Cross County Running, Triathlon, Duathlon, Mountain Biking, Off-road Triathlon, Road Cycling and model aeroplanes.

The terrain was also designed to accommodate BMX, model cars and moto cross, although the various managers have at different times not always allowed motorised sport. The annual

Urban Assault Mountain Bike Race at the stadium attracts up to 2,000 participants and has been running for ten years.
