5.1 General:

A time-table for prejudging in each category should be published after the Official Athlete Registration. In order to give themselves time to warm up and change into their posing attire, competitors should be in the backstage warm-up area at least 45 minutes prior to the start time of the judging of their category. All competitors will be solely responsible for ensuring that they are present and prepared to compete when their category is called onstage failing which they may be eliminated from the competition.

5.2 Elimination Round Procedures:

An elimination round will be held when there are more than 15 competitors in a category. If necessary, IFBB Chief Judge may decrease the number of competitors qualifying to the Semifinals to 10 or increase this number to 17. In such cases an elimination round will be held when there are more than 10 and 17 competitors accordingly. Decision will be made and announced after the Official Athletes Registration. The elimination round will be carried out as follows:

1. The entire line-up is brought onstage, in numerical order and in a single line or two lines, if necessary.
2. The line-up is divided into two equal-size groups and is positioned onstage so that one group is to the left of the stage; the other group is to the right of the stage. The center portion of the stage is left open for comparison purposes.
3. In numerical order, and in groups of not more than ten competitors at a time, each group is directed to the center-stage area to perform the four quarter turns.
4. The IFBB Chief Judge or Stage Director will direct the competitors through the four quarter turns, which are:

Performing each quarter turn, competitors will stand motionless. Latissimus dorsi muscles should be exposed in a natural way, without maximum contraction presented by bodybuilders.

6. At the completion of the quarter turns, the entire category will be reformed into a single line, in numerical order, before exiting the stage.

Artificial body colouring and self-tanning products may be used. Professional competition tanning methods (airbrush tanning, cabin spray tanning) may be used if applied by the professional companies and qualified personnel. Sparkles, glitter, shiny metallic pearls or gold coloring are prohibited whether applied as part of a tanning lotion and/or cream or applied separately, regardless of who applied them on the competitor's body.

Article 7 – Prejudging: Scoring of the Elimination Round

7.1 Scoring of the Elimination Round.

1. At this time, the judges will be assessing the overall physique for the degree of proportion, symmetry, balance, shape and skin tone. Detailed criteria of Wellness Fitness athletes' assessment are provided in Article 10 of this Section.

The scoring for the Elimination Round will proceed as follows:

2. If there are more than 15 competitors, the judges will select the top 15 by placing an "X" beside their numbers, using Form 1, entitled "Elimination Round (Judges)". IFBB Chief Judge decides if the Elimination Round will be necessary.

3. Using Form 2, entitled "Elimination Round (Statisticians)", the statisticians will transcribe the judge's selections onto this sheet and will then tally the judge's scores to select the top 15 competitors.

4. If there is a tie between two or more athletes fighting to enter the top 15, the tied athletes will be brought back onstage, and the judges will perform a reassessment of the four quarter turns to break the tie.
5. Only the top 15 competitors will advance to Round 1. If necessary, IFBB Chief Judge may decrease the number of athletes qualifying to the Semifinals to 10 or increase this number to 17. In such cases an elimination round will be held when there are more than 10 and 17 competitors accordingly. Decision will be made and announced after the Official Athletes Registration.

Article 8 – Prejudging: Presentation of Round 1

Round 1 may not be held if there are 7 or less competitors in a category. Decision will be made by the Chief Judge and will be announced after the Official Athlete Registration and will be included in the Running Order.

8.1 Presentation of Round 1:

The procedures for Round 1 will be as follows:

1. The entire line-up is brought onstage, in numerical order and in a single line. If time permits, each semifinalist will be introduced by number, name, and country. Decision will be made by the Chief Judge, who will inform the Master of Ceremony or the Announcer.
2. The line-up will be divided into two equal-size groups and will be positioned onstage so that one group is to the left of the stage; the other group is to the right of the stage. The center portion of the stage will be left open for comparison purposes.
3. In numerical order, and in groups of no more than ten competitors at a time, each group will be directed to center-stage area to perform the four quarter turns. Performing each quarter turn, competitors will stand motionless.
4. This initial grouping of competitors, and performance of the quarter turns, is intended to assist the judges in determining which competitors will take part in the comparisons that follow. Detailed description of the Women Wellness Fitness quarter turns provided in **Appendix 1** to this Section.
5. All judges submit their individual propositions for the first comparison of the top five athletes to the IFBB Chief Judge. Based on them, the Chief Judge will form the first comparison. The number of athletes to be compared will be determined by the Chief Judge but no less than three and no more than ten competitors will be compared at any one time. Then the judges may be asked to submit individual propositions for the second comparison of the next five athletes, included competitors placing in the middle of the group. The IFBB Chief Judge will form the second and the next comparisons till all competitors will be compared at least once. The total number of comparisons will be decided by the IFBB Chief Judge.
6. All individual comparisons will be carried out center-stage.
7. Upon completion of the last comparison, all competitors will return to a single lineup, in numerical order, before exiting the stage.

Article 9 – Prejudging: Scoring of Round 1

9.1 Scoring of Round 1:

The scoring for Round 1 will proceed as follows:

1. Using Form 3, entitled “Judge’s Individual Placings (Prejudging)”, each judge will award each competitor an individual placing from 1st to the last, ensuring that no two or more competitors receive the same placing. The judges may use Form 4, entitled “Judge’s Personal Notes” to record their assessment about each competitor.

2. The statisticians will collect Form 3 from the judges and will then transcribe the judge’s placings onto Form 5, entitled “Score Sheet (Statisticians)”. They will then discard two highest and two lowest scores (if nine judges) or one highest and one lowest (if less than nine judges) for each competitor, will add up the remaining five scores to produce a “Round 1 Subscore” and a “Round 1 Place”. The competitor with the lowest subscore is awarded 1st place while the competitor with the highest subscore is awarded the last place.

3. Should a tie occur in the “Round 1 Subscore”, the tie will be broken using the “Relative Placement” method for the athlete’s “Round 1 Subscores”.

Note: *The Relative Placement Method procedure:*

Each individual judge’s scores for the tied athletes will be compared on a column-by-column basis with a dot being placed on top of the number for the athlete with the lower placing. All nine regular panel judge’s scores (except alternative judges) will be included in the tie breaking calculations. The number of dots will be tallied for each of the tied athletes. The athlete with the greater number of dots will be declared the winner of the tie and will then receive the better placing.

4. The top 6 competitors from the Prejudging will advance to the Finals and will start the Finals with zero points. If there are 7 athletes in a category, the Chief Judges may decide to perform the finals only. Decision will be made and announced after the Official Athletes Registration.

5. The top 6 finalists will be announced just after the Prejudging.

Article 10 – Prejudging: Assessing of Round 1

10.1 Assessment of Round 1:

Round 1 will be assessed using the following criteria:

1. The assessment should take the whole physique into account. The assessment, beginning with a general impression of the physique, should take into consideration the hair; the overall body development and shape; the presentation of a balanced and symmetrically developed, complete, athletic looking physique; the condition of the skin and the skin tone; and the athlete’s ability to present herself with confidence, poise and grace. Vertical body proportions should be correct; however, the horizontal proportions should display a slightly bigger body mass in the hips, buttocks and thighs area. Detailed description of body assessment is provided in Appendix 2 to this Section.

2. The physique should be assessed as to its level of overall body tone, achieved through athletic endeavors and diet. The body parts should have a nice and firm appearance with a decreased amount of body fat, similar to this exposed by bikini-fitness athletes. The physique should not be excessively muscular and should be free from muscle separation and/or striations. Physiques that are considered too muscular or too hard must be marked down.

3. The assessment should also take into consideration the tightness and tone of the skin. The skin tone should be smooth and healthy in appearance, and without cellulite. The hair and makeup should complement the “Total Package” presented by the athlete.

4. The judge's assessment of the athlete's physique should include the athlete's entire presentation, from the moment she walks onstage until the moment she walks offstage. At all times, the Wellness Fitness competitor must be viewed with the emphasis on a "healthy and fit" physique, in an attractively presented "Total Package".

5. Judges are reminded that this is neither bodyfitness nor women's physique contest. Competitors should have shape to their muscle but not:

- separation
- definition
- very low bodyfat level
- dryness or density that are seen at bodyfitness competitions.
- muscle size and quality seen at women's physique competitions

Any competitor who exhibits these features is to be marked down.

APPENDIX 1

DESCRIPTION OF QUARTER TURNS IN A WELLNESS FITNESS COMPETITION

INTRODUCTION:

Judges are strongly reminded that they are judging a WOMEN'S WELLNESS FITNESS competition. The extreme muscularity, vascularity, muscular definition and separation, dryness and/or dieted leanness will not be considered acceptable if displayed by a Wellness Fitness competitor and therefore, must be marked down.

GENERAL PRESENTATION:

The Wellness Fitness division is intended for women who prefer a muscular physique without muscle separation, athletic and aesthetically pleasing, with a slightly bigger body mass than in Bikini Fitness, especially in the hips, buttocks and thighs area. From this point of view, Wellness Fitness is placed somewhere between Bikini Fitness and Women's Physique.

Judges are reminded that the competitor's posture and bearing, at all times while onstage, is to be considered. The overall image displayed should demonstrate poise, femininity and self-confidence. This is especially true at all times when the competitor is performing I-walking in the finals, standing in the line-up and during the comparisons of the quarter turns. When standing in the line-up, the competitors shall be warned against adopting a tense pose, displaying the muscularity.

A relaxed stance in the line-up means that the competitor will:

- stand erect, front to the judges, with one hand resting on the hip and one leg slightly moved to the side. Second arm hanging at the side.

Head and eyes towards the front, shoulders back, chest out, stomach in.

On the IFBB Chief Judge command, competitors standing in the line-up should perform the Front Position.

QUARTER TURNS

An athlete, who despite being pre-warned by the IFBB Chief Judge, performs quarter turns or stands in the line-up incorrectly, will be given a Yellow Card. If continues to do

so, she will be moved one place down in the results of that round.

Performing each quarter turn, competitors will stand motionless. Latissimus dorsi muscles should be exposed in a natural way, without maximum contraction presented by bodybuilders.

Front Position:

Competitors will stand erect, head and eyes facing the same direction as the body, with one hand resting on the hip and one leg slightly moved to the side. Second hand hanging down along the body, slightly out of to the side, with open palm and straight, aesthetically configured fingers. Knees unbent, stomach in, chest out, shoulders back.

Quarter turn right (left side to the judges):

Competitors will perform the first quarter turn to the right. They will stand left side to the judges, with upper body slightly turned toward the judges and face looking at the judges. Right hand resting on the right hip, left arm holds down and slightly back from the centerline of the body, with open palm and straight, aesthetically configured fingers. Left hip slightly raised, left leg (nearest the judges) slightly bent in the knee, left foot moved forward a couple of centimeters, resting on the toes.

Quarter turn back:

Competitors will perform the next quarter turn to the right and will stand back to the judges. They will stand straight, not leaning the upper body forward. with one hand resting on the hip and one leg slightly moved to the side. Second hand hanging down along the body, slightly out of to the side, with open palm and straight, aesthetically configured fingers. Knees unbent, stomach in, chest out, shoulders back. Lower back curvature natural or with slight lordosis, upper back straight, head up. Competitors are not allowed to turn their upper body towards the judges and should face the back of the stage at all time during the comparison.

Quarter turn right (right side to the judges):

Competitors will do the next quarter turn to the right and will stand their right side to the judges, with upper body slightly turned toward the judges and face looking at the judges. Left hand resting on the left hip, right arm holds down and slightly back from the centerline of the body, with open palm and straight, aesthetically configured fingers. Right hip slightly raised, right leg (nearest the judges) slightly bent in the knee, right foot moved forward a couple of centimeters, resting on the toes.

APPENDIX

2:

HOW TO ASSESS WELLNESS FITNESS QUARTER TURNS

The assessment should take the whole physique into account. The assessment, beginning with a general impression of the physique, should take into consideration the hair, make-up and face, the overall body development and shape; the presentation of a balanced and symmetrically developed, complete physique; the condition of the skin and the skin tone; and the athlete's ability to present herself with confidence, poise and grace.

Since muscularity development and muscle quality is not assessed, the judges should favor competitors with a harmonious female physique, good posture, correct anatomical structure (including body framework, correct spinal curves, limbs and trunk in good proportion, straight legs, not bandy or knock-kneed). Horizontal proportions (hips and waist to shoulder width) may favor women with a slightly bigger hips, thighs and buttocks. Vertical proportions (legs to upper body length) are ones of the key factors.

The physique should be assessed as to its level of overall body tone, achieved through athletic endeavors and diet. The body parts should have a nice and firm appearance with a decreased amount of body fat, similar to this displayed by bikini-fitness competitors. The physique should neither be excessively muscular nor excessively lean

and should be free from muscle separation and/or striations. PhysiQUES that are considered too muscular, too hard or too dry must be marked down.

The assessment should also take into consideration the tightness and tone of the skin. The skin tone should be smooth and healthy in appearance, and without cellulite. The hair and makeup should complement the “Total Package” presented by the athlete.

The judge’s assessment of the athlete’s physique should include the athlete’s entire presentation, from the moment she walks onstage until the moment she walks offstage. At all times, the Wellness Fitness competitor must be viewed with the emphasis on a “healthy and fit” physique, in an attractively presented, impressive “Total Package”.

Judges are reminded that this is not a bodyfitness or women’s physique contest. The competitors should have shape to their muscle but not the separation, definition, very low body fat level, dryness or hardness that are seen at bodyfitness competitions or muscularity and muscle quality seen at women’s physique competition. Any competitor who exhibits these features is to be marked down.

APPENDIX 3: HOW TO PERFORM AND ASSESS I-WALKING

I-walking is performed in the following manner:

- The competitor will walk to the center of the stage, will stop and perform four different positions of her choice.
- The competitor will then walk to the line-up in the rear part of the stage.

The judges will be assessing each competitor on how well they display their physique in move. Competitors shall be assessed on whether or not they carry themselves in a graceful manner while walking to and along the stage. The pace, the elegance of moves, gestures, “showmanship”, personality, charisma, stage presence and charm, as well as a natural rhythm should play a part in the final placing of each competitor.
