3. Ties in the “Round 2 Subscore” need not be immediately broken as the “Round 2 Subscore” will be added to the “Round 1 Subscore” to produce a “PREJUDGING SCORE” and “PREJUDGING PLACE”.
4. Should a tie occur in the “PREJUDGING SCORE”, the tie will be broken using the “Round 2 Subscore” first. If a tie still exists, it will be broken using the “Relative Placement Method” and the athlete’s Round 2 Subscores.

APPENDIX 1 DESCRIPTION OF QUARTER TURNS IN A WOMEN'S FIT- MODEL COMPETITION

GENERAL PRESENTATION:

Judges are reminded that the competitor's posture and bearing, at all times while onstage, is to be considered. The overall image displayed should demonstrate poise, femininity and self-confidence. This is especially true at all times when the competitor is performing V-walking in the finals, standing in the line-up and during the comparisons of the quarter turns. When standing in the line-up, the competitors shall be warned against adopting a tense pose, displaying the muscularity.

A relaxed stance in the line-up means that the competitor will:

- stand erect, front to the judges, with one hand resting on the hip and one leg slightly moved to the side. Second arm hanging at the side, or
- stand with the body slightly turned, left side to the judges, so the start number of a competitor will be clearly visible, right hand resting on the hip and left leg slightly moved to the side.

Head and eyes towards the front, shoulders back, chest out, stomach in.

On the IFBB Chief Judge command, competitors standing in the line-up should perform the Front Position.

QUARTER TURNS

Competitors who fail to adopt the proper stance will receive one warning after which points will be deducted from their score. Performing each quarter turn, competitors will stand motionless.

Front Position:

Competitors will stand erect, head and eyes facing the same direction as the body, with one hand resting on the hip and one leg slightly moved to the side. Second hand hanging down along the body, slightly out of to the side, with open palm and straight, aesthetically configured fingers. Knees unbent, stomach in, chest out, shoulders back. Lats spread is not allowed.

Quarter turn right (left side to the judges):

Competitors will perform the first quarter turn to the right. They will stand left side to the judges, with upper body slightly turned toward the judges and face looking at the judges. Right hand resting on the right hip, left arm holds down and slightly back from the centerline of the body, with open palm and straight, aesthetically configured fingers. Left hip slightly raised, left leg (nearest the judges) slightly bent in the knee, left foot resting on the toes near to the centerline of the body.

Quarter turn back:

Competitors will perform the next quarter turn to the right and will stand back to the judges. They will stand straight, not leaning the upper body forward. with one hand resting on the hip and one leg slightly moved to the side. Second hand hanging down along the body, slightly out of to the side, with open palm and straight, aesthetically configured fingers. Knees unbent, stomach in, chest out, shoulders back. Lower back curvature natural or with slight lordosis, upper back straight, head up. Lats spread is not allowed. Competitors are not allowed to turn their upper body towards the judges and should face the back of the stage at all time during the comparison.

Quarter turn right (right side to the judges):

Competitors will do the next quarter turn to the right and will stand their right side to the judges, with upper body slightly turned toward the judges and face looking at the judges. Left hand resting on the left hip, right arm holds down and slightly back from the centerline of the body, with open palm and straight, aesthetically configured fingers. Right hip slightly raised, right leg (nearest the judges) slightly bent in the knee, right foot resting on the toes near to the centerline of the body.

APPENDIX 2: HOW TO ASSESS WOMEN'S FIT- MODEL QUARTER TURNS

The assessment should take the whole physique into account. The assessment, beginning with a general impression of the physique, should take into consideration the hair, make-up and facial beauty; the overall body shape and body lines; the presentation of a balanced, proportionally and symmetrically developed, complete physique; the condition of the skin and the skin tone; and the athlete's ability to present herself with confidence, poise and grace.

Since muscularity development and muscle quality is not assessed, the judges should favour competitors with a harmonious, proportional, classic female physique, good posture, correct anatomical structure (including body framework, correct spinal curves, limbs and trunk in good proportion, straight legs, not bandy or knock-kneed). Vertical proportions (legs to upper body length) and horizontal proportions (hips and waist to shoulder width) are ones of the key factors.

The body parts should have a nice and firm appearance with a decreased amount of body fat. The physique should neither be excessively muscular nor excessively lean. Physiques that are considered too muscular, too hard, too dry or too lean must be marked down.

The assessment should also take into consideration the tightness and tone of the skin. The skin tone should be smooth and healthy in appearance, and without cellulite. The hair and makeup should complement the "Total Package" presented by the athlete.

The judge's assessment of the athlete's physique should include the athlete's entire presentation, from the moment she walks onstage until the moment she walks offstage. At all times, the Fit-Model competitor must be viewed with the emphasis on a "healthy and balanced" physique, in an attractively presented, impressive "Total Package".

APPENDIX 3: HOW TO PERFORM AND ASSESS V-WALKING

V-walking is performed in the following manner:

- The competitor will walk to the center of the stage, will stop and perform two-three different positions of her choice.
- The competitor will then walk to the line-up in the rear part of the stage.

The judges will be assessing each competitor on how well they display their physique in move. Competitors shall be assessed on whether or not they carry themselves in a graceful manner while walking to and along the stage. The pace, the elegance of moves, gestures, "showmanship", personality, charisma, stage presence and charm, as well as a natural rhythm should play a part in the final placing of each competitor.
